1. Uvod

1.1 Korišćeni programski jezici

Za izradu sajta korišćeni su HTML, CSS, Javascript, jQuery, Bootstrap i XML(Sitemap) u Visual Studio Code-u. Za uređivanje slika je korišćen Photoshop.

1.2 Opis funkcionalnosti

- Slajder za glavnu vest
- Show more za prikaz dodatnog teksta kod glavne vesti
- Modal za deo sa autorom
- Dinamički ispisan navigacioni meni
- Dinamički ispisane kartice (informacije o igrama koje se isčekuju i njihove slike)
- Dinamički ispisane nove vesti (njihove slike, naslovi i tekst)
- Dinamički ispisana galerija sa thumbnail-ovima
- Prikaz slika u većoj veličini u galeriji klikom koristeći jQuery Lightbox plugin.
- Dugme koje prikazuje još vesti
- Forma koja se validira regularnim izrazima i označavaju se tačni/netačni unosi
- Promena slike prelaskom miša kod kartica

1.3 Template

Za izradu sajta korišćen je bootstrap template koji je preuzet sa:

<https://bootstrapmade.com/free-bootstrap-landing-page/>

Template je što se tiče CSS-a ostao nepromenjen, ali sam pregazio mnoge već napisane stvari pisanjem svog odvojenog dela.

HTML je dosta menjan, neke stvari su izbačene, a neke promenjene.

Plugin za jQuery je galerija od Lightbox-a.

Welcome to Gameverse.

Gameverse brings the latest video game news. We cover everything from PlayStation and Xbox blockbusters, to quirky Nintendo games, to the cool indie gems on PC and Android that you might otherwise miss.

Cyberpunk 2077 shines on next-gen consoles and Stadia, but older hardware struggles

Hands-on with the game on PS5 and Stadia

The first thing to note is there isn't actually a PS5 version of Cyberpunk 2077 — at least not yet, as full next-gen upgrades aren't expected until next year. Instead, I've been running the PS4 version on a PS5. Performance-wise, it's been great...

Most anticipated games for 2021

Resident Evil Village

Does this game even need an introduction? The Resident Evil franchise is one of if not the longest-standing horror gaming franchises in the world. And with the return to its survival-horror roots with the enormously successful Resident Evil 7: Biohazard, the eighth installment is bound to be as jaw-dropping, if not more, right? You're absolutely correct!

Halo Infinite

If you've been eagerly anticipating the continuation of the Master Chief's saga, your patience will soon be rewarded! Although the game was supposed to launch around the end of 2020, the release has been postponed to 2021. However, the anticipation for it hasn't dwindled in the slightest! With all that in mind, eager fans can do nothing but save up and patiently wait for updates and more reveals.

Hitman 3

This stealth-based third-person shooter focuses on using stealth and deception to take out prominent criminals worldwide. The developers behind the franchise, IO Interactive, revealed that Agent 47's contracts would take him to Dubai, England, and many more places his time around. They also noted that the players would be able to sync their maps and progress from the previous Hitman games with the latest installment!

2. Organizacija

2.1 Organizaciona šema

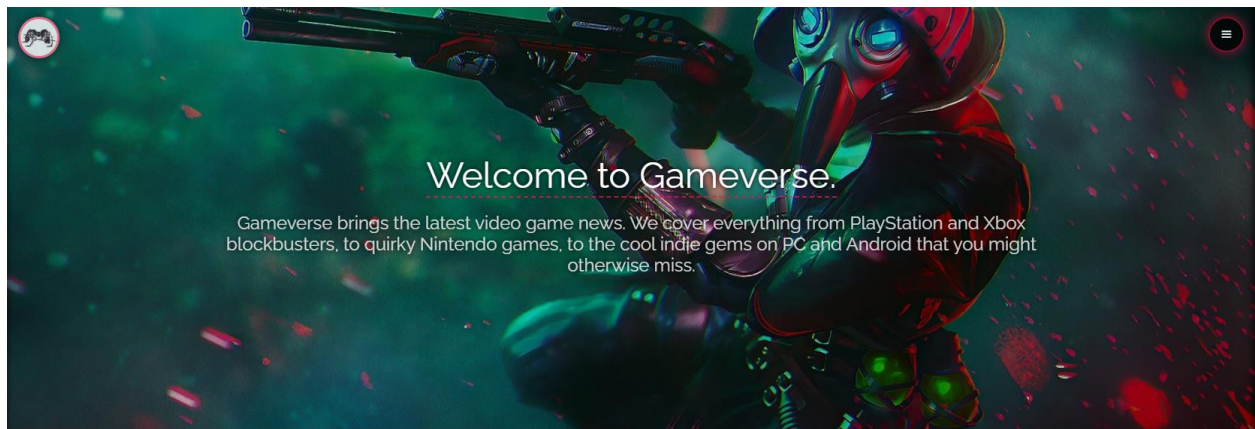

Sajt je rađen kao single-page stranica.

2.2 Mapa sajta

```
<?xml version="1.0" encoding="UTF-8"?>

<urlset xmlns="http://www.sitemaps.org/schemas/sitemap/0.9">
  <url>
    <lastmod>2020-12-09</lastmod>
    <loc>https://predrag-ilijev.github.io/game-verse/</loc>
    <changefreq>daily</changefreq>
    <priority>1</priority>
  </url>
</urlset>
```

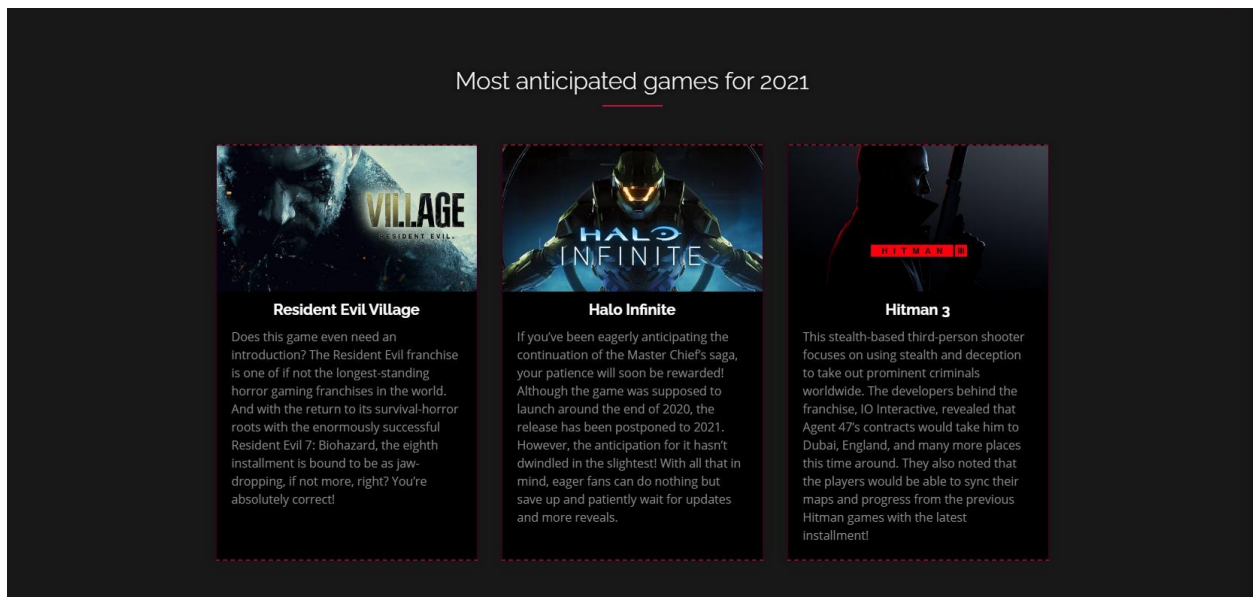

2.3 Slike stranica i opis funkcionalnosti

U ovom delu se sa desne strane nalazi navigacioni meni koji je bio deo template-a (promenjen mu je izgled), ali ispisuju se članovi tog menija dinamički kroz javascript.

Ovde se slike smenjuju pomocu slajdera na svakih 5 sekundi koristeći javascripta. Klikom na dugme “Show more” pojavljuje se dodatni tekst animacijom slide down(i slajder se spušta malo dole istom tom animacijom da bude u sredini).

Ovde se nalaze kartice koje su dinamički ispisane i svakoj od njih se nizovima dodeljuju vrednosti (slika, naslov i tekst). Slike se menjaju kada se predje mišem preko njih (alternativne slike su takodje u nizu pa se i one ispisuju dinamički).

Super Meat Boy Forever Gets Release Date, After Wait Seemed Like Forever

Gameverse

Super Meat Boy Forever has been a long time coming, having been first announced in 2014. Now the tough-as-nails platformer has finally set a release date.

[Continue reading](#)

[Show more](#)

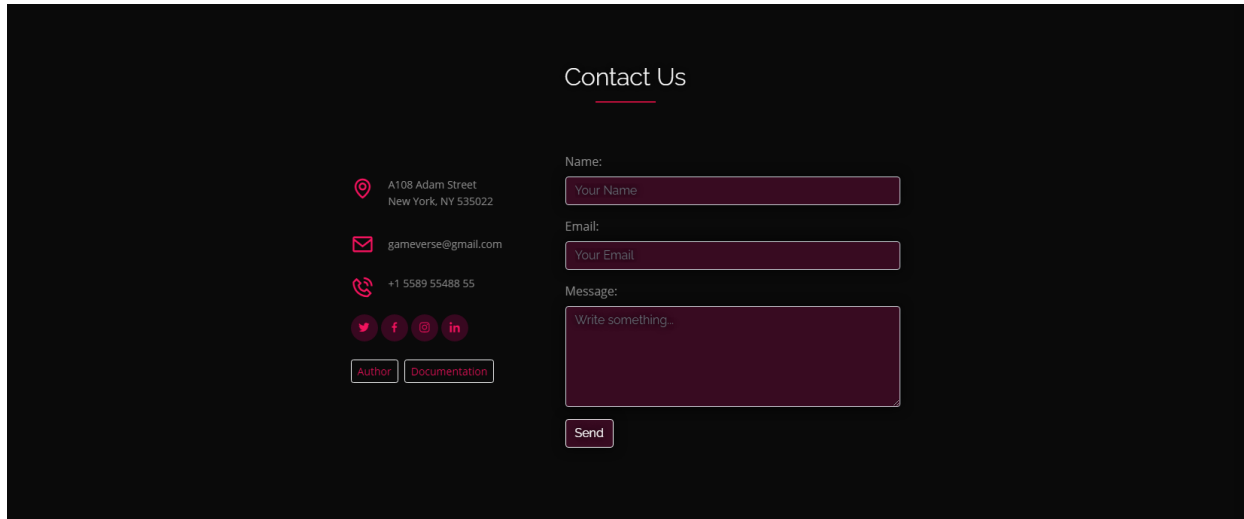

Svaki članak se ovde ispituje dinamički(mogu im se menjati naslovi, tekstovi i slike). Klikom na dugme "Show more" izlazi još jedan članak ispod animacijom slide down, i svaki put se pojavljuje novi dok ne nestanu članci koji su upisani u javascriptu. Kada se prikažu svi, dugme "Show more" će nestati.

Latest wallpapers gallery

Ovde se slike u galeriji ispisuju dinamički kroz JS, sa thumbnail-om koji je manje rezolucije zbog optimizacije.

Kada se klikne na sliku, ona se prikazuje u većoj rezoluciji, a sve oko nje bude blurovano i zatamnjeno. Kada se klikne van slike izlazi se iz galerije (Za ovo je korišćen jQuery LightBox plugin).

Sa leve strane se moze kliknuti na dugme “Author” da se pojavi na sred ekrana modal sa informacijama o autoru.

Sa desne strane se nalazi forma u kojoj se podaci proveravaju regularnim izrazima. Kada se nešto loše popuni, pojavi se crvena linija oko polja, a ispod nje se ispiše primer kako bi trebalo da se to polje pravilno popuni. Nakon što je sve popunjeno, kada se pritisne dugme za slanje, podaci iz forme se obrišu, polja dobiju zeleni okvir i prikaže se na vrhu poruka da je sve uspešno popunjeno.

And with the return to its survival-horror roots with the enormously successful Resident Evil 7: Biohazard, the eighth installment is bound to be as jaw-dropping, if not more, right? You're absolutely correct!", "If you've been eagerly anticipating the continuation of the Master Chief's saga, your patience will soon be rewarded! Although the game was supposed to launch around the end of 2020, the release has been postponed to 2021. However, the anticipation for it hasn't dwindled in the slightest! With all that in mind, eager fans can do nothing but save up and patiently wait for updates and more reveals.", "This stealth-based third-person shooter focuses on using stealth and deception to take out prominent criminals worldwide. The developers behind the franchise, IO Interactive, revealed that Agent 47's contracts would take him to Dubai, England, and many more places this time around. They also noted that the players would be able to sync their maps and progress from the previous Hitman games with the latest installment!"];
